

## Training Announcement

### Yurok Prescribed Fire Training Exchange - Weitchpec, CA

February 11 - February 17, 2018

This is a **FLEXIBLE DATE** dependent on the weather

**Objectives:** Provide prescribed fire training opportunities to local and regional fire practitioners while supporting management of cultural resources. This training will incorporate knowledge from the native tribes of Northern California and develop understanding about their traditional and contemporary use of prescribed fire.

**Target Group:** Prescribed fire and wildfire personnel, including federal, state, tribal, and non-governmental agencies, private practitioners and university faculty and students.

**Registration Fee:** The fee is \$300. The fee for university students is \$100. Waivers are available for participants who bring equipment (e.g. engines, UTVs, etc.), or sought-after NWCG qualifications (RXB 2/3, FEMO, etc.). Please note that the registration fee is not pro-rated based on the amount of time at TREX.

**Description:** The training is organized as a Type III incident under the National Incident Management System. Participants will serve in NWCG qualified and trainee firefighting positions on a burn team and will assist with preparing, scouting, briefing, igniting, holding, mop-up, and patrol on numerous controlled burns in the area.
