

The Tribal Forest Protection Act Workshop  
May 9-May 11, 2017  
Little Creek Casino & Resort

Pre-Workshop Check List

RSVP at: <https://www.eventbrite.com/e/2017-tfpa-workshop-region-6-tickets-33834453762>

Password: TFPA

**Tribal participants:**

- Identify and prioritize areas requiring restoration and/or at risk from threats coming from National Forests along the border areas and share that information with the FS.
- Prepare to discuss: appropriate treatment strategies and the preferred mechanism(s) (e.g., contracting or agreement) to accomplish the work.

**National Forest participants:**

- Identify where environmental compliance work is completed or planned to be done on or near adjacent areas to tribal territories.
- Identify whether conflicting contracts, land designations, etc existing near the adjacent areas.
- Prepare to discuss appropriate treatment strategies and best mechanisms to accomplish the work.
- Bring the following materials if relevant or available:
  - Maps
  - NEPA/  
Wilderness Designations/ Forest Plans
  - Program of Work

This information helps participants maximize their time and resources during the workshop.
